

SHATTERING THE MYTHS OF DARWINISM

Compelling evidence that the most important assumptions on which Darwinism rests are wrong. The controversial best-seller that sent Oxford University and Nature magazine into a frenzy has at last come to the United States. Shattering the Myths of Darwinism exposes...

Reader's Opinions

Well researched and well thought-out. Evolution has become sacred to many people and they defend it with a fervor usually reserved for religious fanatics. If you are however curious about the topic, you will find this book very informative.
