

ACID DREAMS: THE CIA, LSD AND THE SIXTIES REBELLION

Acid Dreams is the complete social history of LSD and the counterculture it helped to define in the sixties. Martin Lee and Bruce Shlain's exhaustively researched and astonishing account-part of it gleaned from secret government files-tells how the CIA became obsessed with LSD as an espionage weapon during the early 1950s and launched a massive covert research program,...

Peek Inside the Book

acid has no implicit moral direction. Martin A. Lee, Acid Dreams: The Complete Social History of LSD: The CIA, the Sixties, and Beyond

Reader's Opinions

Lively and almost unbelievable in spots. I can't help but think it's what's sometimes called a limited hangout -- where one juicy story is told as a cover for a darker, potentially more damaging one. Why did government scientists turn rogue thieves and LSD turn-on zealots, and why did they suffer little consequence for these actions?...
