

THANKING THE MONKEY: RETHINKING THE WAY WE TREAT ANIMALS

The animal rights movement has reached a tipping point. No longer a fringe extremist cause, it has become a social concern that leading members of society endorse and young people embrace. From Michael Vick's dog fighting scandal to the incredible success of the bestselling Skinny Bitch veggie diet book, animal rights issues have hit the headlines—and are being championed by students and senators, pop stars and producers, and actors and activists. Don't you want...

Peek Inside the Book

Fur ranchers choose the cheapest, not the kindest, kill methods, the main concern being the preservation of the whole coat. Many ranchers use anal electrocution, which fries the animal from the inside out, microwave style. At FurlisDead.com there is footage of animals undergoing anal electrocution, including an unsuccessful attempt repeated on the same animal. We also see a farmer who injects insecticide into the chests of minks, who die convulsing in agony over many minutes....

Reader's Opinions

Really well done. Karen Dawn takes a potentially divisive topic and presents it in a way that can speak to everyone. Of course there are parts, as we learn about how animals are treated in the USA, that should cause nausea in any loving being - but there is...
